ABOUT THE PROJECT

Erasmus+ KA2 project RAFT “Work-Based Learning Recognition” (“Reconnaître les Acquis en Formation par le Travail”) started in November 2020 and will be completed by April 2023. Many formally low-qualified people do not get the formal recognition of their knowledge and skills at their workplace. Therefore, the RAFT project is working towards the formal assessment of these skills.

The project includes 8 partnering organizations from 6 European countries: Austria, Belgium, France, Italy, Latvia, and Slovenia.

These partners will be developing the following outputs:

- assessment reference frameworks in HORECA and horticulture sectors,
- a guide on informal learning assessment methods and validation procedures,
- a quality guide for recognition systems.
